

Rest Areas

Outside the I-65 southbound rest area in Henryville, Seymour District.

The Indiana Department of Transportation maintains 37 rest areas located at various locations on I-65, I-70, I-74, I-69, I-64, I-94 and U.S. 30.

An average of 1,324 people (577 men and 747 women) visit Indiana's rest areas daily at these various locations.

INDOT, along with the Indiana Department of Commerce, is actively pursuing the placement of information kiosks in each rest area. The kiosk provides information on construction, weather, travel (including airport delays) and tourism. Additionally, the kiosk is tied into the ITS incident management system, alerting travelers to real-time traffic delays. A prototype is currently being tested at the Lebanon southbound I-65 rest area. The initial survey demonstrated overwhelming public support for the system.

The rest area janitorial services are maintained by Institutional Members of the Indiana Association of Rehabilitation Facilities. Vending services are coordinated through the Department of Administration's Family and Social Services, Services for the Blind.

Parking Capacity
